- Jute procured directly from nature.

FEATURES

Best quality material used directly procured from nature. We procure our raw materials from reliable vendors of the industry and they are exceptional in quality.

- * Natural Eco-friendly
- * All Burlap Material

High water soaking capacity allows it to keep the water for the better construction of the roads.

Natural Burlap is made of 100% Jute fibers. The fabric is ecofriendly and 100% Biodegradable, which is why it is best for use at construction sites.

It can hold the water for longer time even in the summer season when temperature is high. Allows you to work and construct road in summers or high temperature zones also.

Where pursuit to progress is endless...
