

# SHOE TOE GUARD

Protection and Comfort You Can Trust, Every Step of the Way

## Steel Toe Guard

Protect your feet with our durable Steel Toe Guard, designed to provide maximum safety and comfort in hazardous environments. Made with high-quality steel, it effectively shields toes from heavy impacts and compression. Stay safe, stay protected.

Stretchable up to 40 Cm

8 Cm

16 Cm

## FRP Toe Guard

FRP (Fiber Reinforced Plastic) Shoe Toe Guard is a lightweight, durable, and protective accessory designed to safeguard the toes from impact and compression. Made from high-strength composite materials, it offers superior protection without adding extra weight.

Steel Toe  
Weight- 430 Grm

FRP Toe  
Weight- 275 Grm

## Why Choose ?

Our Safety Toe Guards offer the same sleek design while catering to different needs with two distinct models. Choose between the lightweight yet durable FRP (Fiber Reinforced Plastic) Toe Guard, ideal for non-metallic, corrosion-resistant protection, or the robust Steel Toe Guard, designed for maximum impact resistance. Both models ensure superior safety and comfort without compromising on aesthetics, providing reliable protection in demanding work environments.

• Comparison of Steel Shoe toe guard & FRP Shoe toe guard

Feature	Steel Shoe Toe Guard	FRP Shoe Toe Guard
Material	Steel	Fiberglass Reinforced Plastic
Weight	Heavier	Lighter
Durability	Very durable	Durable, but may crack
Impact Resistance	High	Good
Corrosion Resistance	Can rust	Corrosion-resistant
Comfort	Less comfortable	More comfortable
Cost	Budget Range	Budget Range
Flexibility	Rigid	More flexible
Electrical Safety	Conductive	Non-conductive
Temperature Resistance	High, but can become brittle	Good, but not extreme heat

Each type of toe guard has its specific advantages depending on the application and work environment. Steel offers more protection against severe impacts
